

The Canadian "Human Rights" Commission Accuses Marc Lemire of promoting "hate" for posting the contents of the Canadian Human Rights Act!

The entire case brought by the *Canadian Human Rights Commission* against Marc Lemire, is to persecute him for what others have said. It is a true free speech case. They are in such a rage to shut Marc Lemire up at all costs, they have actually pulled up articles from Marc Lemire's website, written by mainstream media sources like the **Vancouver Sun**, **Georgia Straight** and **National Public Radio** and are claiming it promotes "hate"!

In November, 2006, courageous Free Speech lawyer and CHRC expert Barbara Kulaszka filed a motion before the *Canadian Human Rights Tribunal* to throw out the case against Marc Lemire on the grounds that the CHRC is in contempt of the tribunals orders. On November 8th, 2006, the Canadian Human Rights Commission sent a response and made the most startling revelation ever made by a Canadian Government Lawyer. The Act under which the CHRC operates is **HATE** if posted online the *FreedomSite*. He further claims that just the title indicated *Prima Facie* proof of hate. Amazing stuff...

CHRC: Canada 's New Political Police

The CHRC is acting as a rogue agency which does not want to allow any public oversight of it's actions. Working behind the scenes they have recruited the police and others ([terrorist ARA](#)) to do their dirty work and extend their powers, well outside of their enabling legislation, into the realm of law enforcement. We have documented several cases where the CHRC benefits from the police raiding peoples homes on trumpeted up "Hate Crimes" charges. The police seize computers and other goods during the raids and then the CHRC uses that information to persecute people through their questionable tribunal system. It is truly sick and a huge abuse of their power, which shows why we must challenge the constitutionality of this law!

During a recent conference call, the CHRC admitted to strong-arming upwards of 200 to 300 Internet Service Providers to remove websites they disagree with – and that's with no finding of guilt by any court or tribunal! The CHRC has disobeyed the Tribunals orders numerous times and with an utterly contemptuous attitude is fighting tooth and nail to not reveal those documents.

CHRC Admits attacking 200 to 300 websites!

MR. VIGNA (CHRC Lawyer): How much time, Dean, Mr. Steacy and Mr. Goldberg, because how many files are involved, approximately, that we will need to go through in order to get that? Approximately.

MR. STEACY (CHRC Investigator) : It's Dean Steacy speaking again.
Approximately --

THE CHAIRPERSON: We are only talking about section 13 complaints here. Right?

MR. STEACY: Yes. Probably --

MR. VIGNA: Section 13 complaints.

MR. STEACY: Section 13 complaints, I would think it is 200 or 300.
Conference Call with the CHRC - September 8th, 2006

The Canadian Human Rights Commission are nothing but censors!

The misnamed Canadian "Human Rights" Commission is currently undertaking a ideologically-driven war against speech and political commentary on the Internet. They are self-righteous censors that care little about removing so-called "hate" from the Internet, but want to silence and harass political activists, who dare to question issues such as immigration, multiculturalism, and homosexuality.
